Publication Date: August 27, 15 08:01:00

To reach Key West from Fort Lauderdale, we have to add 190 miles on the odometer of the car and allow a good four hours to cover the route. It's the town most southern in the continental United States. Making the return trip is not impossible, but if tourists want to discover and enjoy the area, an overnight stay is required. However the rooms are very scarce, and prices are thus disproportionate.

Novelty

Fortunately, since the beginning of the year, tourists can finally enjoy the opening of new hotels Key Largo to Key West, and others should turn teaches them soon.
